PREFACE

Malaysia Tourism Key Performance Indicators 2025 provides an overview of Malaysia's tourism performance in 2025, presenting key statistics on visitor arrivals and other tourism indicators. The information outlined in this publication represents compiled data provided by various government agencies and industry partners, serving as a strategic reference for policymakers, tourism stakeholders, researchers, and the general public. This shall evoke evidence-based decision-making and tourism policy development.

Malaysia recorded a strong tourism performance in 2025, welcoming 42.2 million foreign visitors, marking an 11.2% increase compared to the previous year. These results reflect the growing demand for travel to Malaysia and underscore the competitiveness of the country's tourism industry.

Singapore remained Malaysia's largest source market, followed by China, Indonesia, Thailand, Brunei and India. The continued strength of ASEAN markets, followed by robust growth from the Chinese market, has contributed significantly to Malaysia's positive tourism performance in 2025.

International air connectivity continued to improve throughout 2025, with flight seat capacity increasing by 10.2% compared to 2024. This continued expansion has further enhanced destination accessibility, boosted long-haul travel, and supported the sustained growth in visitor arrivals.

Throughout 2025, Malaysia intensified its tourism promotion and market engagement as part of the build-up towards the Visit Malaysia 2026–2027 (VM2026–2027) campaign. The year served as an important promotional phase to further strengthen Malaysia's destination visibility, stimulate stronger travel demand, and build tangible market momentum.

Central to these efforts was the strategic and active promotion of Malaysia's core brand identity, anchored by the iconic **"Malaysia Truly Asia"** campaign alongside **"Surreal Experiences"**, which continue to captivate global audiences with the country's rich cultural tapestry and extraordinary tourism offerings. At the domestic level, the **''Cuti-Cuti Malaysia''** campaign continued to encourage Malaysians to explore destinations within the country, supporting sustained growth and strengthening the resilience of the tourism sector.

Together, these proactive promotional efforts, supported by stronger international air connectivity and close collaboration with industry partners, contributed significantly to Malaysia's positive tourism performance in 2025, while laying a strong foundation for the successful implementation of the Visit Malaysia 2026–2027 campaign.
